Mr Test User

Terms and conditions with relation to the use of the CPD Management tool on www.mpcconsulting.co.za

The CPD Management tool has been developed to assist you, as healthcare professional, in managing your CPD portfolio.

You will be able to view CPD certificates allocated to you by MPC for MPC events that you have responded to (through the Events Tool) and account for and upload proof of attendance for non-MPC related CPD accredited events.

MPC will automatically update your CPD Manager for MPC CPD events attended and signed for as proof of attendance. Any non-MPC related CPD accredited events can be added to your CPD Manager but you will be required to upload the certificates manually.

The CPD Management tool also allows for your attendance certificates to be downloaded in PDF format.

Please note that MPC does not accept responsibility for the maintenance of your CPD program or the management thereof and that MPC does not accept the responsibility through the supply of the CPD Management tool. The CPD management tool serves as a framework for accounting for your CPD certificates obtained during the attendance of events.

MPC does not guarantee the attendance of non-MPC related events.

You, as healthcare professional, are responsible for your professional development and accreditation. This responsibility will in no way or form be passed to or transferred to MPC through the use of the CPD Management tool.

The CPD Management tool has been designed to assist you in accounting for CPD certificates obtained.
