INTELLECTUS CAMPUS
COMPANY PROFILE

INTELLECTUS CAMPUS
Excellence Through Knowledge

COMPANY PROFILE

OVERVIEW

Intellectus Campus (Pty) Ltd is a registered and accredited training provider established in 2017, with almost 30 years of industry experience. We have physical offices at 7 sites across 4 SADC territories, with virtual presence in several others. Our vision is a distinctive, innovative and multidisciplinary 21st century community of learning within which ability and achievement are recognised and knowledge can be readily applied by our graduates to address the challenges of growing businesses and an ever-changing society.

REGULATORY

Each regional Intellectus Campus entity is independently structured and is a registered company within that territory with its own Directors and Board of Governance. Each region is managed by a Head of Department and supported by Academic, Marketing and Quality divisions.

STRUCTURE

All Intellectus Campus sites are registered and accredited via the relevant education quality and regulatory authorities in each country and undergo annual reviews for renewal of registrations and accreditations.

OUR VISION

We envision a distinctive, innovative and multidisciplinary 21st century community of learning within which ability and achievement are recognised and knowledge can be readily applied by our graduates to address the challenges and demands of society, towards the greater collective good.

OUR MISSION

Intellectus Campus provides opportunities to a diverse community, from career beginners to seasoned professionals, to develop themselves as scholars, professionals and researchers to effect positive social change.

OPERATIONS

Intellectus Campus offers both face-to-face and virtual learning and a blended approach to tuition delivery to ensure variety of scope and effective engagement with our students.

We offer a range of full qualifications, short courses, CPD-accredited programmes and custom workshops across 4 primary training disciplines:

- Healthcare Studies
- Business
- Information Technology
- Education, Training and Development

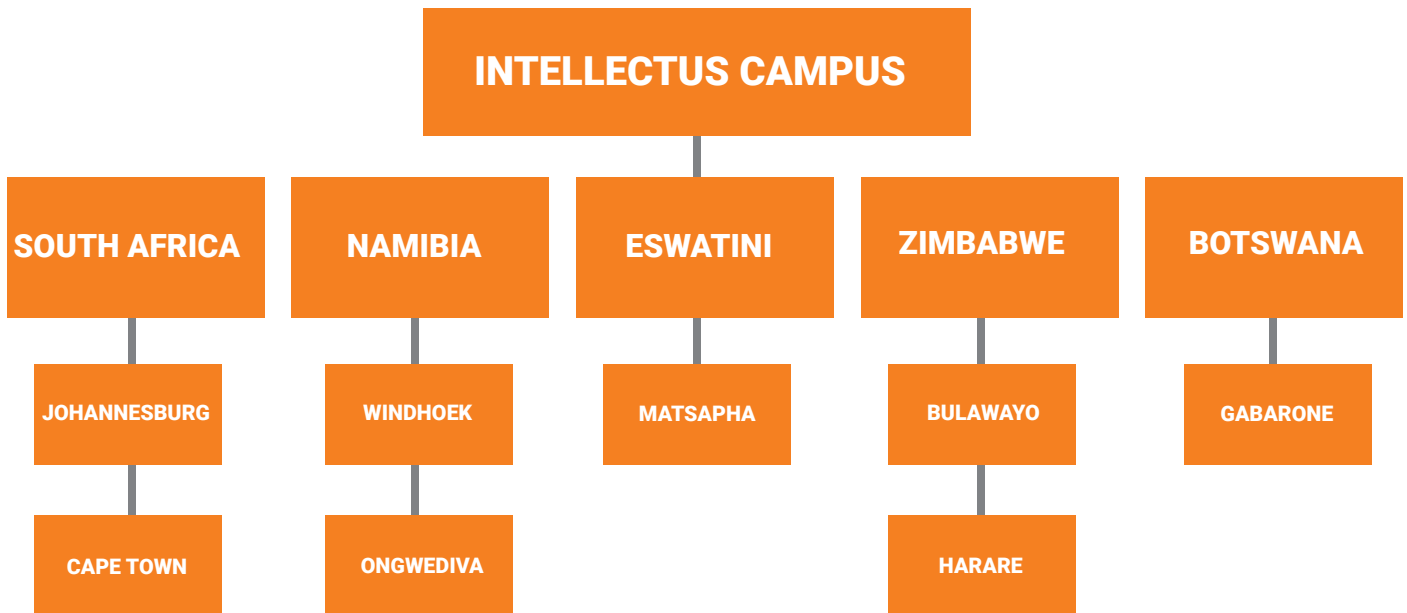

Our reputable industry partnerships allow us to create synergy, diversity of course offerings, enhanced market penetration, added value for our clients and positive results in business and society. Our current partnership undertakings include Foundation for Professional Development (FPD), Avacare Healthcare Group, Pioneering Solutions Studio (PSS) and the Lareth Group.
