

DR PAUL SOKO

Dr Paul Soko is currently the Chief Medical Officer at Life Healthcare (in the southern Africa division) overseeing Life Health solutions, Complementary services and Life Nkanyisa reporting into the Group CEO.

He is a Board member of the Hospital Association of South Africa (HASA) where he chairs the Clinical Sub-committee. He also serves on the Board of Health Quality Assessment (HQA).

Dr Soko is a qualified Paediatrician from the University of Cape Town. He graduated with his basic medical degree from the University of KwaZulu-Natal in 1995. He also holds an MPhil in Economic Policy from the University of Stellenbosch.

He was appointed General Manager of Clinical Services by Mediclinic Proprietary Limited in 2008 and joined Discovery Health in 2013 as Divisional Manager in Strategic Risk Management. He was appointed to Life Healthcare executive in July 2016.
